Capital Section IIDA Projects Receive Awards of Merit

An award of Merit is awarded when the IESNA East Central Region International Illumination Design Award judging recognized these projects as exemplary by awarding them 75 points or more, however they did not receive 85 points to proceed to the International level of judging. For additional information about the IIDA judging refer to the 4th page of the IIDA application form.

Congratulations to Debra Gilmore, LC and Gaspar Glusberg of D. Gilmore\Lighting Design, Inc. for their lighting design of the Smithsonian National Zoological Park – Asia Trail.

Upcoming 2008 Student Scholarship

The IESNA Capital Section will be offering a Student Scholarship in 2008. Details of the Scholarship itself will be revealed in the next newsletter. Any undergraduate, or graduate student in the Washington DC Metro enrolled in either Interior Design, Architecture, or Electrical Engineering will be eligible to apply for this Scholarship.

Meet Your 2008 Board of Managers

We asked some members of the Capital Section Board of Managers, "What does being a Capital Section board member mean to you?"

Our newest board member, Mike Larkin, LC from Chesapeake Lighting says, "Pride in being part of a group responsible for planning, coordinating and implementing educational events in the DC area as they pertain to illumination."

Your recent past president, Emlyn Altman, LC from Forrest Perkins says, "I guess being a Capital Section board member means that I am a part of a great leadership "force" in the lighting profession here in DC. It also means I am able to help share my enthusiasm for a subject I'm very passionate about, and hope to instill the same excitement within young "budding" lighting designers.

"It means being involved in the lighting education

for those involved in the illumination field in the Nation's Capitol!" according to our new Section Secretary, Derek Gallardo from KTA Group.

According to John Turner, PE, LC of KlingStubbins, "Being a Capital Section board member means being integrally involved in the Lighting community in the DC Metro Area."

Dan Zuczek, LC, IESNA from Ambiance Lighting says, "Being involved with my local IESNA Section is a way for me to support my profession and contribute to improving quality of life through lighting."

Dick Schwab, FIESNA contributes, "I think being a Capital Section Board Member is an opportunity to serve my profession and help to enhance it."

Fundamentals of Lighting ~ November 9th and 10th

The Capital Section Education Committee is pleased to report that we have secured the services of Craig Bernecker, Ph. D., FIESNA, LC to instruct the "Fundamentals of Lighting" this year. Craig is the founder of The Lighting Education Institute, directed the lighting education program within the Department of Architectural Engineering at Penn State University from 1981 through 1999. The course will be held in the Edna Frazier Community Room of the Frank Reeves Municipal Center ~ 2000 14th Street, NW ~ Washington, DC 20009

"Visual truth lies in the structure of light." - Richard Kelly

The course will cover:

The Science of Light and Basic Lighting Measures, How We Produce Light and Introduction to Color, Lamps and Luminaires, Introduction to Lighting Design Criteria, Overview of Lighting Analysis
